

The Big Creative UK Summit 2024 Accessibility Statement

We celebrate difference – respecting the humanity and creativity in everyone. We are committed to improving diversity and inclusion across our organisation and industry by championing a variety of backgrounds, perspectives, identities, talents and physical and cognitive differences.

The Big Creative UK Summit 2024 aims to provide an accessible experience for our speakers, performers, and guests. We try to make sure that there aren't any barriers that make it difficult or impossible for anyone to engage.

The summit includes both virtual and in-person opportunities. For the in-person day we are sourcing a venue with full accessibility and we will have a BSL interpreter. For the virtual day, our online platform will be accessible to screen readers and our virtual sessions will support access through captioning, by providing accessible presentations, and by providing information in plain text if required.

We recognise there are many and varied requirements and if there is something we have missed, please bring this to our attention by emailing events@wearecreative.uk
